Break Ground This Week For Two Schools in Bay

GROUND BREAKING FOR DUNBAR ELEMENTARY - J. W. Watts Jr., secretary of the Bay St. Louis Separate Municipal School Board, turns the first shovel of dirt Monday morning at groundbreaking ceremonies for the new Dunbar Avenue elementary school. From left are City Commissioner J. Cyril Glover; City School Superintendent J. D. McCullough; Watts; Mayor John Scaffie, J. B. Smith, general superintendent of Brice Building Co., Inc., contractors for the school; Robert Hamilton, board member; and City Commissioner Warren Traub.

City, Parish Projects Are Started

Ground breaking ceremonies for two new Bay St. Louis elementary schools will be conducted within a week of each other.

The ceremony of breaking and blessing the ground for Our Lady of the Gulf Parish elementary school on South Second Street will be conducted by The Most Rev. Bishop Richard Gerow, D. D., at 3:30 p.m., Sunday.

Official ground breaking for the new Dunbar Avenue elementary school was at 9 a.m. Monday. The school will be a part of the Bay St. Louis Separate Municipal School District.

Both schools will be constructed by Brice Building Co., Inc., of Birmingham, Ala., and New Orleans. Contract for the parish school was let last week to Brice at a base bid of \$216,308. Contract for the Dunbar Avenue school was let at \$201,000.

New bids were read Oct. 21 for the parish school after previous bids were rejected. Bidding by invitation on the revised plans of the school were Brice Building Co., Union Construction Co., Inc., \$220,858; and Perillat-Rickey Construction Co., Inc., \$223,578. Supervisors to Meet Secretly on School Driver Case

The Hancock County Board of Education spent approximately 45 minutes of its meeting Saturday morning behind closed doors discussing policy concerning county school bus drivers after two North Central buses were involved in a traffic accident at 7:45 a.m. Friday on Highway 603 approximately one and a half miles north of Kiln.

During the executive session the board admitted K. G. McCarty, Democratic nominee for education superintendent, who will attend the remaining meetings of the board before assuming office in January.

Before going into executive session on the motion of the Rev. S. P. Powell, seconded by Charles Murphy, the board was advised by its attorney, W. J. Phillips, that it was without authority to pay the \$861 damage claim by Willie Ferrill of Deadeaux whose 1956 Chevrolet overturned when he allegedly attempted to pass the county school buses.

Superintendent of Education E. E. Breland, who met jointly with the North Central bus drivers and North Central school superintendent R. E. Webb Friday after the accident, reported that the rear bus, driven by Wayne Neale, pulled out of line in order to pass the first bus, the driver did not notice the approaching Ferrill auto.

Ferrill lost control of his auto when he went onto the shoulder of the road attempting to avoid hitting the school bus and the auto.

Individual hearing before the supervisors will be scheduled after the sites are examined.

In other matters the board designated C. L. Mobley to survey and fix the exact division line between the county-owned property upon which the new county health center will be built and the new Hancock County Hospital on Dunbar Avenue.

Final approval was given to the Federal Aid Secondary Project No. S-0104 (2) B in Beat 4 so that contractors W. E. Bain and Son of Jackson can receive final payment. Final approval was a legal formality concerning the Kiln-Picayune road project.

The supervisors adjourned until 9 a.m. Nov. 2.

overturned in the drainage ditch, Breland said. Both Ferrill and his wife sustained only minor cuts and bruises, Breland reported.

Phillips added that the board was only authorized by the state to pay for accident injury occurring to a school pupil.

In other matters the trustees completed final action on one of the many small matters which continue to harass the board. On the advice of its attorney the board authorized Breland to write to the officers of the Sellers Community Center asking that the organization release the stove used by the center so that it can be moved to North Central.

Breland commented that a smaller stove had been placed at the center, formerly Sellers school, to be used by the organization, but that the center on two occasions had refused to allow representatives of North Central to remove the original stove.

D. J. Martin, vocational instructor at North Central, was appointed by the board to obtain the stove. (Cont. on Page 7-A.)

1960 Model Auto, Empty Caps Taken in Breakin

A statewide alert has been issued for a black two-door 1960 model Ford, stolen from Bay Motors, Inc., sometime between dark and midnight Wednesday with law enforcement officials probing whether there is a tie-in between that theft and two others occurring yesterday in Mobile, Ala., and Gulfport.

According to F. J. Perench of the auto firm, entrance was gained by breaking a window on the east side of the building and opening the adjacent drive-in door. There was a 1959 model.

Forms Required To Get Blood

Because of widespread misunderstanding and confusion about the method of securing blood from the Hancock County Blood Bank, triplicate forms are now required which may be obtained at the Hancock County and Gulfport Memorial Hospitals as well as four officers of the bank.

Mrs. Maurice Martin, bank secretary, is urging all persons going into a hospital who know they will need blood to secure the forms and have them properly processed by the attending physician. (Cont. on Page 8-A.)

Chamber Sets Meeting Date

Nov. 17 was selected as the date for the general membership meeting of the Hancock County Chamber of Commerce when the board of directors met Monday afternoon at City Hall. Arrangements on the site and speaker are pending.

Three new directors are to be elected at the session to succeed those whose terms expire this year. Going out of office will be A. G. Dantagan, August Scaffie and Henry W. Osolnash Jr.

Ballots will be mailed by Mrs. Mabel Green, executive secretary, within the next week to the membership and six receiving the highest number of votes will be posted and the three directors chosen from among them at the meeting.

Health Officer Advises On Oyster Buying Habits

When you buy oysters at this season, be sure to purchase them in stores handling certified oysters or directly from a certified packer.

That was the plea issued this week by Dr. J. T. Maddux, director of the county health department.

Since a large amount of oysters are consumed raw, a contaminated or polluted oyster is still an excellent source of typhoid fever, infectious hepatitis, dysentery and other gastrointestinal upsets, the physician declared.

Approved oysters are packed only in containers bearing the packer's name, address and permit number. Unmarked oysters are unapproved. These packing plants are under inspection by the State Board of Health William B. Moorer, advisory sanitarian and seafood inspector, checks, samples and certifies the oyster plants in Hancock, Harrison and Jackson Counties.

During the past season there were some oysters packed and sold by persons not legally licensed to do so, Dr. Maddux said. This is a strict violation of the State Board of Health regulations. Any persons caught this season selling "bootleg" (unmarked) oysters will be prosecuted according to law. Any persons buying such oysters are courting medical disaster, he asserted.

The health department also requires that all oysters be packed with not more than five percent water by weight. This regulation is similar to the federal Food and Drug Division requirement for packers who ship oysters. (Cont. on Page 2A.)

Landscaping Plans Made

Plans for the beautification of North Central School are being prepared by Mississippi State College. Henry J. Smith, assistant extension horticulturist of the college, spent Tuesday at the school going over the grounds and working on plans and blueprints for landscaping the entire grounds.

Smith was assisted by Howard F. Simmons, county agent John W. Smith, assistant county agent, and Gloria C. Mauldin, home demonstration agent. The complete blueprints for the long range goal of complete landscaping will be delivered to the school later. The boys in the class of D. J. Martin, vocational instructor, will plant the shrubbery under the supervision of the newly organized North Central Parent-Teacher Association.

While at the school Smith talked to the student body on the value of landscaping even to an old building, and discussed the use of various plants and how and why some would be better than others for North Central. For the school he recommended plants that would require a minimum of care and attention.

Mississippi Forestry Commission will also examine land to be planted and prepare complete instructions for the proper planting of this land. This service may be obtained by contacting Parker, and according to him should be done soon before fire danger increases.

Former St. Rose Pastor Dies

Father Joseph Holken, S.V.D., former pastor of St. Rose de Lima parish, died Oct. 24 at St. Joseph Hospital in Meridian where he had been confined since last Dec. 6.

Father Holken spent 11 years in Bay St. Louis. He came to St. Rose de Lima parish on Nacaise Avenue on Jan. 14, 1933, and remained until 1946.

Born in Germany in 1887, he entered the Divine Word Seminary in 1900 and eight years later made his first pronouncement of vows.

He was ordained in 1911 and was appointed to the Divine Word Missions in New Guinea where he labored until 1919. He went through a strenuous period on the island, and in 1919 he was compelled to go to Australia owing to his failing health. There he worked at St. Michael Cathedral Parish in Waga until 1921 when he was assigned to the United States.

Father Holken's first assignment in this country was at the Divine Word Seminary, Miramar, in Island Creek, Mass. He worked in St. Louis, Mo., and Techny, Ill., before being assigned to St. Rose de Lima Parish in 1935 where he did much work on the high school.

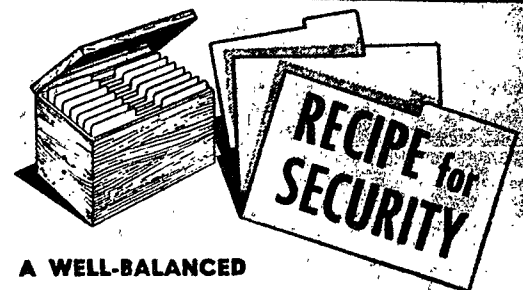

He put a new roof on the building which had been erected in 1925. He built the gymnasium which, though now considered small, was quite good and adequate in its day. He enlarged the playground and installed a more efficient sanitary system for the school. During his stay, the school enjoyed its peak enrollments. In 1946, an assignment sent Father Holken to St. Bartholomew Church in Little Rock, Ark., where he constructed the school building presently in use by the high school students.

A solemn requiem high mass was sung Wednesday morning at the Divine Word Missionaries' St. Joseph Church in Meridian which the Most Rev. Richard O. Gerow, S.T.D., Bishop of the Natchez-Jackson Diocese, presiding. The Very Rev. Robert C. Hunter, S. V. D., provincial

superior of the order in the South, delivered the sermon. In the afternoon the Office of the Dead was recited at the seminary where a second solemn requiem high mass was sung today with burial in the cemetery later.

2 Pasture Program Projects Scheduled

Weed control and fertilization will be the big jobs in the 1960 Mississippi pasture program. There is much more grass over a longer period when the pastures are properly fertilized and the weeds controlled. Soil testing will be a good basis to go on in finding out how much potash, phosphate and lime are needed on permanent pastures. Lime pays: even if a farmer applies the needed phosphate and potash but leaves off the needed lime, pastures are not as good as they would be if lime had been added. The cost of spray-

Jones Trounces Ocean Springs At Homecoming

The Valena C. Jones Tigers stashed away another victory Thursday night at Stanislaus Stadium, celebrating homecoming with a 33-0 win over Elizabeth Keys High School of Ocean Springs.

Saturday at 7:30 p.m. the Tigers take on highly rated and undefeated Piquette in Stanislaus Stadium and the squad is preparing for a tough game.

The Tigers' offense got going late in the first quarter when Sanders "Thinner" Bell snagged a long pass and raced for the first touchdown. A pass to Weston Smith was good for the extra point. Shortly after the kickoff the Tigers regained possession and Smith went for the second tally.

The Tigers came back stronger than ever in the second half and touchdowns were made by Dominic Alexander, Smith and William "Sag" Vontour. Two extra points were made by Robert Wilson kicking and Smith running.

The Jones' boys played a beautiful defensive game and Ocean Springs was never able to cross the midfield stripe.

County School...

(Cont. from Page 1-A.)

On the motion of Trustee Alton Kellar, seconded by Murphy, the board authorized Breland to transfer \$5,000 from the school building fund to the district fund for operating expenses. Breland observed that the procedure is standard and the building fund will be repaid when tax funds are received after January.

Approval on a \$1,684 science equipment order was withheld until the final order was made by North Central since the bid from W. M. Welch Scientific Co. of Chicago was accepted with the understanding that the board could buy any or all of the equipment listed on the price form.

A \$500 fund was designated to purchase the beginning of an educational film strip library for North Central. Mrs. C. C. McDonald, chairman, observed that in order to receive an A accreditation rating, the school must have the film library. She added that accrediting officials will probably inspect the school next year.

Additional meetings of the board were scheduled for Nov. 2 and 14.

IN PREP COURSE - Cadet Byron P. Favre, son of Mrs. Inez A. Favre, 750 Dunbar Ave., recently began a lengthy period of academic work and physical training at the U. S. Military Academy Preparatory School, Ft. Belvoir, Va. The school is a "stepping stone" for men who plan to attend the U. S. Military Academy or the U. S. Air Force Academy. The 19-year-old cadet was graduated from St. Stanislaus College High School in 1957 and attended Millsaps College, Jackson.

Mobilians Hurt In 90 Mishap; Buses in Wreck

Two Mobile Negroes were injured about 4:35 a.m. Saturday in a head-on collision on U. S. 90 at Bay St. Louis. Seriously hurt was George Wheeler, 63, Negro, who suffered a fractured leg and lacerations of the head. Wheeler was taken to the U. S. Public Health Service Hospital at New Orleans after emergency treatment at Hancock County Hospital. Aubrey Z. Williams, 24 Negro, driver of the auto in which Wheeler was a passenger, was released from the Hancock County Hospital after emergency treatment. Williams was traveling west on U. S. 90 when his auto collided head-on with a 1958 Chevrolet driven by Maurice Schiller, 52, also of Mobile, according to Patrolman T. P. Naylor, investigating officer.

Naylor said Schiller was traveling in the wrong direction on a one-way westbound traffic lane. The front end of both vehicles were heavily damaged. Mr. and Mrs. Willie Ferrill of Dedeaux received minor cuts and bruises when their 1956 Chevrolet overturned in a ditch at 7:45 a.m. Friday approximately one and a half miles north of Kiln on Highway 603.

The accident allegedly occurred when Ferrill went onto the shoulder of the road while attempting to avoid hitting a North Central school bus which he was trying to pass, according to reports of the accident's witnesses.

The school bus allegedly pulled out of line in order to pass another bus in front and driver Wayne Necaise did not notice the approaching Ferrill auto. Damage to the Ferrill auto is reported at \$861.

Miss. Power Building Unhampered by Steel

Mississippi Power Company's construction program has not been affected by the steel strike, Jack Watson, president, reported this week. Watson said, "Up to this time our construction program has not been hampered by the steel strike. Some items are becoming scarce, and in certain instances deliveries have slowed down, but we have thus far been able to obtain everything needed. Heavy structural steel is almost impossible to obtain. Fortunately, however, all structural steel was already in for the second 75,000 kilowatt generating unit at our Gulf Coast Generating Plant." The construction program will require the expenditure of approximately \$48-million in the three-year period 1959-1961 to meet present and anticipated demands for electricity in the 23 southeastern counties of Mississippi.

The largest single project in the program is the construction of the second 75,000 kilowatt generating unit at the Gulf Coast Generating Plant. This unit will be in service early next year. Other projects included are high voltage, high capacity transmission lines and substations throughout Southeast Mississippi. Additional distribution lines and substations will be constructed and existing facilities will be expanded and strengthened to provide for anticipated area development and load growth.

Watson further pointed out, "These new and expanded facilities will, of course, be added to the tax rolls of state and local government and will provide new tax money. Last year the company's total taxes amounted to more than five million dollars - almost three times as much as in 1949."

Treat Guns With Care

Treat every gun as if it were a loaded gun until you personally have proven otherwise. Some gun rules to observe carefully are: Keep the muzzle pointed in a safe direction, always keep the action open except when ready to fire, be sure of the backstop, be sure of the target, never mix alcohol and gunpowder, never hunt with persons in front or back.

Watson further pointed out, "These new and expanded facilities will, of course, be added to the tax rolls of state and local government and will provide new tax money. Last year the company's total taxes amounted to more than five million dollars - almost three times as much as in 1949."

The basketball season in Hancock County gets under way Tuesday night when the new North Central School plays host to the Mid Gulf High School, marking the time its handsome gymnasium has been used for regular sessions.

DOLLAR
How does your food dollar stack up? Think it all goes to the grocer. But he gets only a few cents of the dollar you spend that comes from farms. Another 64 cents goes to the grocer to buy the food from the processor and resell it. Almost half of the 64 cents is labor costs.

MANY APPLES?

A pound? Three medium apples yield a cup of applesauce. Three cups of apples - or nine medium apples - are just right for each pie. There are 24 medium apples in a peck.

AND BUTTERBEANS

Like broiler-fryers, bro-hen meat is high in top quality protein, B vitamins, niacin and riboflavin. It is an easily digested, nutritious food.

Left-over chopped chicken is not hash when you serve it as chicken short cake with split biscuits, pieces of cornbread or on waffles.

BAKED FRENCH TOAST

4 eggs, 1 cup milk, 1/2 teaspoon salt, 6 slices day-old bread, 1/4 cup melted butter.
Beat eggs, stir in milk and salt. Pour into flat, shallow dish. Dip each slice of bread in mixture, turning to let both sides take up liquid. Place on well-buttered cookie sheet and brush tops of slices with melted butter. Bake in hot oven, 500 degrees, for 8 minutes. Turn slices and bake 5 more minutes until golden brown. Serve hot with butter and honey or syrup.

To vary this dish that will give you something different for breakfast before work and school try this: Add a teaspoon of grated orange rind to butter for a delicious topping. Or sprinkle with maple or brown sugar.

LOFTY FLOWER-

Mrs. Charles Rhodes of 231 St. Charles has to stand on a ladder to get a close view of these dahlias in her front yard. The flowers are ever 15 feet tall.

Mrs. Bontemps is Church Speaker

Wednesday-Meat balls, spaghetti, turnip greens, cole slaw and French bread.
Thursday-Pork sausage, beans, sweet potatoes and bread.

Shore Club Selects

County Home as Project
Entertainment for patients at County Home was adopted by Shore Garden Club as its project for the year at its meeting Thursday at the home of Mrs. M. J. Nacaise.

The Halloween theme was followed in decorations at the home with a large ghost flanking the fireplace. A guest was Mrs. Chase.

Homecoming Roundup

Blocks, Fast Backs Aid Rocks' Defeat

Beautiful blocking and four speedy, tricky backs proved to be the Rock-A-Chaws' undoing Saturday afternoon when they were beaten by undefeated, Triple A Escambia of Pensacola, 27-7, under a typical autumn sun that brought out a near-capacity homecoming crowd.

Friday the Rock-A-Chaws travel to Pensacola where they will run head-on into a block-busting Pensacola High team. "They are rated higher than Escambia," Coach Reuben Ruiz moaned. They are undefeated in 19 games and in the past four years have only lost five games. "They play from a single wing and have a terrific tailback named Rawson who will be hard to stop. We will be outclassed, outweighed and outrated again. As to Escambia, they were the best coached team I have seen this year."

Escambia lost no time getting started and virtually won the game in the first quarter. Artigues kicked off for the Rocks and Escambia returned the ball to their 34. Stanislaus was penalized 5 yards for offside but their defensive wall stood and Escambia punted from their 45. Artigues took the kick and streaked down the sideline deep into Escambia territory but the officials ruled he stepped out on his own 24

and brought the ball back to that point.

Herbert Batistella pounded through for 4 but on fourth down Artigues was forced to punt. His kick was good for about 40 yards and Escambia took over on their 31.

Jim Loftin skirted left end for 12. John Harris ran to the Stanislaus' 44 and another first down. Harrell Harrison was stopped by Terry Ladner after a gain of 7. Jim Hall, speedy Escambia quarterback, got up to the 33 where he was hit hard by J. E. Lolacano and Jim Loftin carried to the 28. On the next play Hall found a big hole in the right side of the Rocks' line and breezed through for 28 yards and the first tally. His kick for the extrapoint was good.

E. J. Babin took the ensuing kick on his own 19 and ran it back to the 27. The Rock-A-Chaws found the going tough against the Escambia line but a pass from Artigues to Ladner was good to the Stanislaus' 42. Lolacano broke clear for a long gain but the Rocks were offside and Artigues got off another good kick to Escambia's 20 and the ball was moved to the 15 on an off-side penalty.

Brignac Reelected By Stanislaus Alums

Edmond Brignac Jr. was re-elected president of the St. Stanislaus College Alumni Association for a third term at its meeting Saturday during homecoming festivities.

Earle J. Christenberry Jr. of New Orleans and Mr. Robert Camors were elected first and second vice presidents respectively. Brother Athanasius was re-elected secretary.

Elected to the executive committee were Maurice Artigues Sr. and Robert Camors. Other members who were reelected were William App, A. J. Brady, Ernest Dautis, Michael Irwin, Berchmans Wilbert Sr., Lawrence Vallon, A. J. Glover and Bernard Hayden.

Congratulations were extended to Joseph Boudreaux of Thibodaux, La., as the oldest member president. He represented the class of 1895.

Homecoming began with a mass at Our Lady of the Gulf Church celebrated by the Rt. Rev. Msgr. Martin Moloney, pastor. Presiding in the sanctuary were the Very Rev. R. O. Gerow, bishop of Natchez-Jackson, assisted by the Very Rev. Hunter, provincial of the Society of the Divine Word, and the Very Rev. Father Dillon, rector of Xavier Hall at Pass Christian.

The ceremonial of dedication and the blessing of the new infirmary buildings was performed by Monsignor Maloney, Father Dillon and Father Hunter. After the dedication many of the visiting alumni as well as other visitors inspected the building.

The alumni business session followed. The Rev. A. J. Mercier gave the invocation and Brignac presided. Brother Hugh, president of the college, gave the welcome to the alumni.

After election of officers, the meeting closed with a prayer for all members who died during the year. Brother Edmund, S. C., Frank Beaulieu, '13; Robert J. Seub, '19, and John Dufilho, '33.

Dance Climaxes SSC Homecoming

The annual homecoming dance was held in St. Stanislaus gymnasium on Saturday night. The Red Counts of Jackson played varied pieces, from rock-and-roll to semi-popular, to a group of about 350.

Various colored streamers ran across the top of the gym to within 20 feet of the center. (Cont. on Page 5-A.)

Tigers Topple Perk, Face Purvis Tonight

Regaining their winning form, the Bay High Tigers roared to a smashing 19-0 homecoming victory over Perkinston AHS Friday night in Stanislaus Stadium to insure a play-off with Long Beach for the Gulf Coast Conference championship Nov. 20.

The Tigers, still smarting from a 7-0 defeat at the hands of the Long Beach Bearcats and anxious for revenge, would not be denied and outplayed the Bullpups offensively and defensively, scoring in every quarter except the fourth. Both teams now have a 7-2 record. The Tigers have scored 123 points to their opponents 59.

Tonight the Tigers meet Purvis at home and Coach Lance Lumpkin is expecting another tough battle. "This game will be a toss-up," he said. "Purvis has a well seasoned team and we will be outweighted. They finished third in the DeSoto conference last year and have improved this season. Breaks will win the game."

Placed by hard-playing full-back Bill Watts, the Tigers started rolling soon after the opening gun taking the ball on their own 25 and marching to the Perkinston 4. Halfback Barry Stevens, who has been out of action virtually all season because of a broken collar bone, carried for the initial touchdown with a steam-rolling off-tackle play. The try for conversion failed.

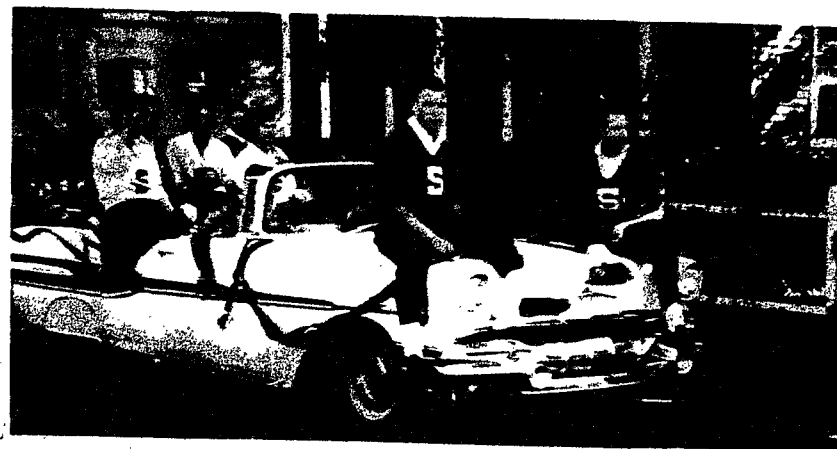

In the second period the Bullpups found the Tiger defense too tough to crack and took to the air. Deep in their own territory they tried a long pass but center Woodie Alliston broke clear, snatched the ball and was dropped on the Perkinston 38. The Tigers powered the ball down to the 3 and Watts, on another off-tackle play, scored the second tally. Big Jim Mayfield, a tackle and rated one of the top kickers on the Coast, booted the ball cleanly for the extra point.

The third quarter was almost a repetition of the first two. Watts returned the kick to his own 40 and carried for 9, 5 and 8 for a couple of first downs. Lester LaFrance went to the Bullpups' 30 but a few plays later fumbled on the 13 and Perkinston recovered.

Love moved it to the 18, but thrown for an 8 yard loss and on fourth down got off a good kick. Milton Bernard returned it to the Perkinston 46. Watts went through tackle to the 38 and a pass from Ronnie Peterson to Bobbie Van Calsem was good for a first down. Watts went to the 27 and another pass from Peterson to Van Calsem put the pigskin on the 20 with first down. A short pass from Peterson to Watts put it on the 15. LaFrance took a hand-off from Peterson and went through right tackle to score standing up. The kick was no good.

Perkinston took the kick-off shortly before the period ended and in the fourth quarter made a final desperate attempt to score. Sparked by Love, who fumbled twice but recovered, they moved the ball to Bay High's 25 where they were stopped by the Tigers' defense lead by Mayfield, Albert Strong and James Sabella.

Bay High took over on downs on their own 27 and uncorked a passing offense that had the fans on their feet. Peterson tossed to Watts on the 37, then to Van Calsem on the 44, and again to Watts putting the ball (Cont. on Page 5-B.)

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

Fish are biting. Anyone who has bait a hook caught fish in spite of high winds, rain and fog indicate that the fall fishing season has begun and fishing is still in all of the salt water bays and bays. Heron Bay appears to be the most productive spot. Good catches were made in Bay of St. Louis, Jordan Bay, Pearl River and other spots.

The coming weekend should be plenty of sport for local anglers. Middle of the week rain has played havoc with water but north winds have most of it into the Gulf.

It should be replaced with green water. With a cool day the air, specks and red-bait should be interested in it or casted lures as well as bait. Depending on the

tide, flounder and soft shell crab spearkers should be able to stock their freezers.

Too much foliage continues to hamper squirrel hunters but rabbit stalkers are beginning to have some success. The deer season opens Nov. 20 in Hancock County north of U. S. 90 and tentative plans for a venison supper for Gun and Rod Club members are being made by president Bert Stiefel.

Hottest lure this year is the "Sonar". Bait casters and trawlers report it is a speckled trout "killer". It has the appearance of a minnow but is flat, similar to a spoon.

Sunday was field day for local bridge fishermen and veteran Theo Tudury got his share using live shrimp.

Pearl River continues to produce an abundance of green trout and Willard Gavagnie and party caught 20 Sunday.

Owen Heitzmann speared 16 big flounders Friday on the beach west of Bayou Caddy.

Jim Travira caught 10 specks on 10 shrimp Sunday morning in Bayou Caddy but when the traffic started they quit biting completely, he said.

Teddy Morel and Howard Carver were in Heron Bay Saturday but were almost blown out to sea, they said. No fish.

John Green and Claiborne (Tebu) Fayard filled a hamper with bull croakers, specks and flounder in Heron Bay Friday. They went back Saturday but no soap.

Alden Mauffray was seen showing off a five-pound redfish caught in Heron Bay.

Blaine Lee caught a mess of speckled trout fishing in the mouth of the Jordan, just off the flats.

Olge Moran of Fenton brought home a squirrel. He saw six but leaves furnished too much cover. Fred Bourgeois caught his usual supply of trout off the seawall in Waveland Friday.

Norvin Penrose supplied his family with specks caught in his favorite hole off Monroe's pier in Waveland.

Veteran fishermen Horace Favre, Raoul Telhiard and Lawrence Cox joined the crowd along the bridges Sunday and came home with full sacks. Lawrence used a Sidewinder.

John Doughty and a friend from Gulfport were home by 9 a.m. Sunday with 5 rabbits. They used a couple of John's beagles.

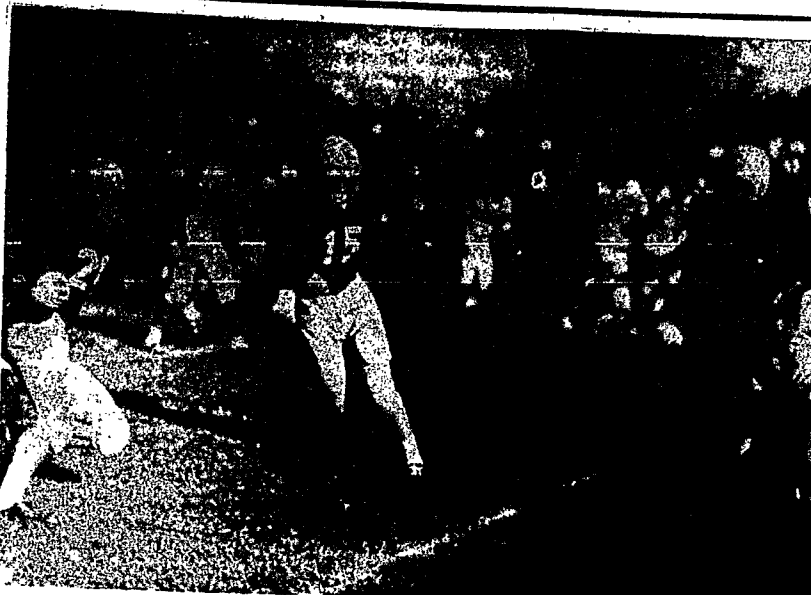

That the football season has reached its climax can be proved by a story making the rounds. Seems a young student was told by his teacher to make a list of the 11 greatest Americans. After a long period of head scratching the teacher asked if he had finished. "Not yet," came the reply. "I can't decide on the fullback."

Kennedy was awarded a first place trophy and blue ribbon in the show's stake race. He was riding his own horse, Montana.

The club's square dancing team won over two other teams for a blue ribbon in the afternoon performance and an 18-inch first place trophy in the evening show.

Flagmen for the team were Richard Homes of New Orleans, W. G. Hinton of Jackson, and Fellers Drury and Betty Younger, both of Bay St. Louis. on the middle stripe. Peterson lateralled to Watts who went to the Bullpups' 45. Peterson to LaFrance clicked to the 32 and on the same play LaFrance went to the 26. Peterson to Watts was good to the 19 and on the same play Watts went to the 15 but there was a fumble on the next play and Perkinson recovered on their own 12 with about two minutes left in the game.

The Tigers were playing hard and after two short gains by the Pups were penalized 15 yards for unnecessary roughness moving the ball to the Perkinson 31. With less than a minute to play, Perkinson took to the air completing two passes to put the ball on the Tiger's 35 but on the final play a Perkinson back, trying for a long pass, was dropped before he could find a receiver.
